Professional Summary

Problem solver with a Graduate degree in Computer Science passionate about creating innovative solutions. Eager to apply strong programming skills and creativity to build impactful software projects.

Summary of Skills

- **Programming:** C++, C, C#, Java, Python
- **Web & Cloud:** HTML, CSS, React, Node.js, Angular, Google Cloud
- **Databases & Tools:** MySQL, PostgreSQL, SQLite, Git, GitHub, JUnit, PyTest
- **Game & Mobile Development:** Unity 3D, Android Studio, OpenGL
- **Soft Skills:** Problem-solving, collaboration, adaptability, attention to detail, time management

Professional Experience

University of Florida, Gainesville, FL

Jan 2025 – Present

Research Assistant

- Automated data collection by developing Selenium scripts that downloaded over 4,000 files, significantly reducing manual workload.
- Built Python web scrapers (BeautifulSoup) to extract data from sports medicine websites.
- Improved speed and consistency of data collection across projects.

University of Florida, Gainesville, FL

Jan 2024 – Dec 2024

Teaching Assistant

Courses: Computer Graphics, Discrete Mathematics, Programming Language Concepts

- Designed course materials, graded assignments and exams for 50+ students.
- Conducted discussion sessions and lectures, simplifying complex topics.
- Held office hours to provide one-on-one student support.

StreakByte, Ahmedabad, India

Aug 2022 – Nov 2022

Game Development Intern

- Developed core gameplay logic in Unity, increasing level completion rates by 25%.
- Reduced load times by about 20%, improving performance on mid-range devices.
- Added UI animations and sound effects, boosting early user retention by 15%.

Projects

Compiler

Java

- Designed Lexer and Parser to tokenize source code and build syntax trees.
- Developed symbol table, scope checking, type checking, and bytecode generation.

ElderEase

Unity, Android Studio

- Built Android app with medication reminders and memory games for elderly users.
- Applied user-centered design principles for enhanced usability.

Education

University of Florida, Gainesville, FL

GPA: 3.80/4.0

M.S. Computer Science

Aug 2023 – Dec 2024

Relevant Coursework: Programming Language Principles, Advanced Data Structures, Algorithms, Computer Graphics.

Bennett University, India

GPA: 3.71/4.0

B.E. Computer Science

Jul 2019 – May 2023
